About BMF and GBC

BMF based Global Billions Club operates several entities including Global Billions Minds Club and The Global Billions Wealth Circle

Founded in 2005 by Mark Minevich, author of Six Billion Minds, Billion Minds Foundation has HNWI and families from North America, South America, Europe, Middle East and Asia who recognize the increased impact they might have, as individuals and collectively, on initiatives to reduce poverty globally through commitments of social responsibility and knowledge based entrepreneurship. It brings together many of the most respected individuals, leaders in business, politics and families from every part of the globe who are committed to discuss, work together using their time, influence and resources to address some of the world's most significant problems as well as to create socioeconomic business solutions.

The Global Billions Club (GBC) and its subsidiaries are a company group which mainly provides a global wealth, philanthropy and transformational service over a BMF network. The BMF is the owner of shares of stock in the Global Billions Minds Club (GBMC) and Global Billions Wealth Circle (GBWC) and its subsidiaries. BMF's stock has potential to grow in value. This stock is held for the benefit of the members and while there cannot be any direct allocation of the stock or the proceeds of a sale to the members, because of the not-for-profit status of the BMF, any sums realized from the sale of this stock can be used for purposes which advance the mission of BMF and its members.

The Global Billions Minds Club (GBMC), an entity of Global Billions Club of Billion Minds Foundation is a dynamic network of leading international

personalities philanthropists dedicated to BMF principles of sustainable planetary development and eliminating poverty through commitments of social responsibility and knowledge based entrepreneurship. It brings together many of the most respected individuals, leaders in business, politics and families from every part of the globe who are committed to discuss, work together using their time, influence and resources to address some of the world's most significant problems as well as to create socioeconomic business solutions.

The Global Billion Minds Club provides exceptional opportunities for members to advance their own philanthropic projects by drawing on the advice, experience, relationships and collaboration through peer to peer members. In addition, the Club supports initiatives to work together with international development agencies, foundations and other philanthropic organizations. In an era of vastly increasing, yet disproportionately distributed wealth, poverty and inequity exist the world's most complex challenges. The Billion Minds Foundation and Global Billion Minds Club brings the world's biggest brains together in the hope of solving the world's socio economic and business problems and is committed to encouraging and supporting the essential role that private philanthropists can play a pivotal to provide solutions to those problems.

To play this role, many philanthropists are eager to learn with and from each other how they can make a difference. The GBMC provides a platform to explore solutions and a network of support to play this important role. The international diversity of the members brings to the GBMC a wealth of experience and relationships supported by social and financial resources and a motivation to leverage them for the greater good.

Our second affiliate of the BMF Global Billions Club is Global Billions Wealth Circle (GBWC) is a private and independent peer-to-peer club tailored to meet the changing needs of planetary wealth management. The club enables them to anticipate trends in an ever-changing world. It brings together some of the world's most accomplished individuals, families and leaders of global businesses, as well as renowned thinkers and luminaries, Nobel laureates and other celebrated figures, to discuss issues of global consequence and social responsibility GBWC is a members-only group of high net worth individuals, families, investors, global private equity founders/managing directors, and top hedge funds. The Global Billions Wealth Circle --comprises an elite group of visionary business leaders who will have a direct hand in shaping the plans BMF will undertake to impact the future of the global economy and sustainable planet

Global Billions Wealth Circle is a valuable resource for its members, informing them about the latest, not-to-be missed investment opportunities and global initiatives, while providing high-end social networking and events around the globe. Each GBWC member is a VIP; we handle all requests and transactions with complete discretion and confidentiality. Exclusive to members only are

GBWC 7 star events where members come together to exchange and enjoy social networking.

Global Billions Wealth Circle is a private peer-to-peer club tailored to the changing needs of sophisticated international families and individuals, preparing them to stay ahead of the curve in an ever-changing world. It brings together some of the world's most accomplished and influential individuals, families, and global leaders, at Chairman and CEO level, as well as renowned thinkers and luminaries, Nobel laureates and other celebrated figures, to discuss issues of global consequence. There is a vast international and worldwide market for this kind of member-owned, private city club paradigm that brings people together to accomplish something, improve their knowledge, preserve their money and help others.

Global Billions Wealth Circle offers the best mix of high-end corporate retreat with a proprietary, global, online social network. Over time, our membership will have world-class city clubs that provide members with unsurpassed luxury and convenience. It's a concept that rings well, and it's the perfect blend of luxury, adventure, and sensibility. We're committed to providing the best VIP private wealth business club society in existence. Global Billions Wealth Circle will offer each of its members a relaxed environment featuring gracious service and wonderful food. Additionally, the Club will offer the opportunity to network with other clubs and golf courses, increasing your opportunities for networking and socialization.

- ❖ Enables high-net-worth individuals to meet the challenges of 21st century investing

- ❖ Members enhance their expertise via active collaboration with peers, participate in portfolio defense sessions, challenge themselves to better investment decisions, and along the way build fulfilling business and personal relationships in a community of like-minded individuals

Global Billions Minds Club – Philanthropy

The BMF network is an energizing, safe space for learning, discussion and collaboration. Organized and staffed by BMF and GBC, activities and services are tailored to member needs and time availability.

The Global Billions Minds Club provides each family a support and expert from BMF I who can help to develop a membership program suited to the family's needs. Drawing on the exceptional resources of the Global Billions Club and the larger BMF network, this person will help create a personal networking plan to build connections to help leverage your efforts. The GBMC also offers a strategic planning expert from BMF who works with members to develop strategic plans, review current goals and objectives, and evaluate current activities.

Advice, Organize , Structure and Monitor donations

Most donors and philanthropists do not know how to organize and structure their donations. Their usual financial advisors are not equipped to render good advice and follow the process. Global Billions Minds Club and our advisors could help in structuring and organizing contributions and donations.

Global Billions Minds Club is involved in helping philanthropists and donors to better organize, plan and orient donations as well as assess the impact of these donations

Global Billions Minds Club provide expert with advisory service, which consists of planning, selection of charities/ programs, negotiating milestones and results, and reporting progress to members

Focused and meaningful experiences with your peers.

Throughout the year, the Global Billions Minds Club holds a variety of events and activities to bring members together. They are intended to offer the maximum value and flexibility for each member:

❖ Learning visits to developing countries

These trips include:

- Exposure to innovative philanthropic approaches and strategies to complex global problems and their application to the participants' own work

- Private meetings with local leaders of civil society, business and government
 - Professional briefings on the social, political and economic context of the country and its relationship to other parts of the world
 - Interaction with other prominent international philanthropists, including those from the host country or region.
- ❖ *Working Dinners and Dialogues*
These events are hosted by Club members in various part of the United States and other countries in Europe and Asia throughout the year. Schedule, location, and topics for discussion will be provided in advance to all members. Meetings on topics such as the impact of private philanthropy on international development have taken place in London, St. Petersburg, Monte Carlo, New York, Amsterdam, Jerusalem.
- ❖ *Annual Meetings*
The Annual Meeting in New York City, Washington DC or other designated location consists of a series of small interactive workshops and plenary sessions during the day, followed by reception and dinner in the evening. In addition, the GBC yearly retreat at a private estate encourages members to address issues in a more relaxed and intimate setting.
- ❖ *BMF Charity*
Charity Based Projects
Presenting Charity based project initiatives around the world for consideration and review of BMF Board
- ❖ *Effective Philanthropy Workshops*
Twice a year, the Club holds workshops about increasing the effectiveness of member philanthropy. Previous and future workshops include discussion of family foundations, strategic planning, and evaluating impact.
- ❖ *GBC VIP locations in New York, Beijing China, Singapore, Monte Carlo, Bergen- Norway*
- ❖ *Tailored Program Visits*
Tailored to meet member needs, visits are arranged to selected countries

in order to review successful projects and philanthropic opportunities in the member's field of interest.

- ❖ Hall of Fame- The Hall of Fame is designed to showcase the life works and achievements of a select few of most accomplished international leaders. For many reasons the individuals featured in the Hall of Fame have been invited to display their biographies, work examples, awards bestowed and other highlights of their lives. All, however, share in one thing - an adherence to the guiding principles championed by the BMF since its inception and encapsulated by the motto of global sustainability.
- ❖ BMF® Global Membership card

New and Unique opportunities for collaboration and engagement.

Members learn from one another about ways they can act as individuals or in partnership to leverage the work they are doing. BMF and GBMC can help to develop and support:

- Peer partnerships
- Regional and issue working groups
- Next generation and multigenerational projects
- Guided access to BMF global network of philanthropic organizations
- Organized participation in key global conferences and events
- Individual meetings with key civil society, government and private sector innovation leaders.

In addition, we provide the following services

- **BMF Expert Program** -The Global Billions Minds Club provides each family a support and expert from BMF I who can help to develop a membership program suited to the family's needs. Drawing on the exceptional resources of the Global Billions Club and the larger BMF network, this person will help create a personal networking plan to build connections to help leverage your efforts. The GBMC also offers a strategic planning expert from BMF who works with members to develop strategic plans, review current goals and objectives, and evaluate current activities.

- **Philanthropy Advisory Services** : Most donors and philanthropists do not know how to organize and structure their donations. Their usual financial advisors are not equipped to render good advice and follow the process. Global Billions Minds Club and our advisors could help in structuring and organizing contributions and donations. Global Billions Minds Club is involved in helping philanthropists and donors to better organize, plan and orient donations as well as assess the impact of these donations Global Billions Minds Club provide expert with advisory service, which consists of planning, selection of charities/ programs, negotiating milestones and results, and reporting progress to members
- **Hall of Fame** : The Hall of Fame is designed to showcase the life works and achievements of a select few of most accomplished international leaders. For many reasons the individuals featured in the Hall of Fame have been invited to display their biographies, work examples, awards bestowed and other highlights of their lives. All, however, share in one thing - an adherence to the guiding principles championed by the BMF since its inception and encapsulated by the motto of global sustainability

Global Billions Wealth Circle- Private Wealth Club

GBWC is an exclusive/private club that specializes in access to prominent, inaccessible individuals, corporate business leaders, private wealth families, global funds and knowledge resources. We offer our members exclusive investment recommendations, top quality services and access to the finest wealth clubs in the world.

A growing number of private clubs are composed of members who live a distance from one another. We will be uniquely poised not only to serve these members, but also to attract new members, by making it much easier for far-flung friends and associates to collaborate. Our primary marketing strategy will be focused on the powerful word-of-mouth enthusiasm spread among our own members' networks of associates, friends and partners world-wide. Global Billions Club can realize more tangible benefits and results, such as an increased awareness of the club and club industry as a whole (economic impact, value to community, etc.), enhanced credibility of the club, enhanced fundraising efforts through increased name recognition, and enhanced communications vehicles that keep members informed and help attract new ones.

Our relationship with the non-profit Billion Minds Foundation and its Global Councils will allow the GBC to forge relationships with other corporate senior executives who can provide advice and global knowledge that can influence business and technology decisions and impact investment growth for your company. We believe that the collective knowledge and experience of people in different market sectors, along with the corporate buying power they control, will produce opinions and information that will guide all members who interact regularly to more sensible investment decisions. By bringing together such diverse councils we can offer each member fresh insight into difficult issues surrounding family and wealth management.

Through our relationships with private investors, family offices and industry representatives, we seek to foster innovation by exposing them to new ideas and linking them with peers on a global basis. This international platform will generate increasingly significant insight on issues pertaining to the preservation and growth of private wealth. In order for families and wealthy individuals in the U.S. and around the world to remain competitive and address sustainable global knowledge and innovation industry issues, it requires decision makers and investors who grasp the nuances of the integrated technology-financial markets, and can create and execute a winning business strategy based on a unique knowledge of technology and scientific ecosystems.

The GBC brings together the best experts and council members with the best-of-breed wealth management services companies (knowledge providers) in an organized network. These experts and companies will be able to share information and business, without conflicts of interest, and act as a reliable one-stop-shop for ultra-high-net-worth global families.

- ❖ Enables high net-worth individuals to meet the challenges of 21st century investing
- ❖ Helps them understand the trends and technologies that will create sustainable socio-economic models for an ever-changing world
- ❖ Provides networking opportunities - Private BMF Global Billions Business Club Meetings have already taken place in Amsterdam and New York, London, Monte Carlo
- ❖ Premier peer-to-peer learning group for high-net-worth investors
- ❖ Help members build the skill set to successfully transition from focused entrepreneurs to disciplined managers of wealth
- ❖ Participating in professionally-facilitated, 10-12 person groups, our members meet on a regular basis to harness the varied expertise and collective intelligence of their peers in high-energy, day-long sessions

- ❖ Social Responsibility and sustainable investments
- ❖ Major international hub locations
 - Initial locations – London, Amsterdam, Geneva, Kiev, Moscow, New York, Monte Carlo

Global Billions Wealth Circle is not a merchant or investment bank, and therefore does not participate in transactions or deals directly or indirectly but has approved relationships with partners

Our Value Add

- **Access:** Opportunity to network, exchange information and have access to top experts and knowledge leaders of the Billion Minds Foundation.
- **Proprietary platform:** Facilitates the exchange of information and member networking in a secure manner.
- **Private club membership:** Our advantage over similar clubs is the member equity in special purchase, undervalued real estate, strategically located around the world, and in the worldwide private club reciprocity. Investment in high-end, historical real estate has proven to be a most lucrative form of investment, provided it is done over time, and with care and knowledge.
- **Low risk:** Buying into the private equity of valuable, historical real estate to house and protect the assets and activities of the club, and then pooling a relatively small amount of money with others every quarter, will be an ideal way to gain hands-on experience of how the Club works, how members benefit and profit from private-equity investment membership, and how the primary investment grows in member-shareholder value.
- **Informed investments:** The collective brain power and experience of the Global Billions Business Club and the Billion Minds Foundation knowledge network and its councils, who each have knowledge and experience of different market sectors, will produce opinions and information that will guide all members who interact regularly to more sensible decisions.
- **Spread the load:** Carrying out actual and word-of-mouth research into potential investments will be structured and spread amongst the membership in daily Internet-based, personal interactivity and monthly in-club topical meetings.
- **Profit opportunities:** Surveys show that collective investment decisions, based on discussion and democratic choice, are more likely to produce sustained profits. The most important thing is: Equity member's profit increases, as the renovation, and the productive use of the property raises the value of the property itself.
- Access to global private equity and hedge funds.

Billion Minds Foundation

Billion Minds Foundation is an independent, non-profit, international organization dedicated to meeting the challenge of sustainable economic development and growth in the 21st century. Its mission is to enhance human potential, accelerate creativity, and address global sustainability through the collaboration of respected knowledge leaders and high-net-worth individuals and families throughout the world. This unique partnership will create a new socially responsible global vision and call to action for the betterment of billions of people around the world, and will foster a knowledge economy that meets the needs of the 21st century.

- ❖ The BMF is an independent, non-profit, international Think Tank dedicated to promoting the sustainable development of a global knowledge economy of six billion minds.

Billion Minds Foundation (BMF) is an independent, not-for-profit, US 501 (c) 6 international organization dedicated to meeting the challenge of sustainable economic development and growth in the 21st century

BMF Services and Benefits

Billion Minds Foundation (BMF) Membership Services and Benefits

- ❖ Global Annual Forum with international families which takes a more strategic view, with an over-arching theme which integrates the interests and concerns of the various stakeholders in private wealth
- ❖ Regional meetings and workshops which address specific private wealth issues and global issues
- ❖ Access to exclusive research on emerging market risks
- ❖ Publications and Resources- All BMF members receive numerous publications and materials to assist them in developing and operating their programs and to keep them in touch with what the BMF and other BMFs are doing.
- ❖ Networking - All the BMF members are part of a global family with common objectives. Learning from and helping one another has been a common theme among BMF members since the beginning, and it is one of the BMF's biggest strengths.
- ❖ Group Commerce Missions for Finance and technology, with the cooperation of other BMFs, include such services as: locating partners, agents/distributors, setting up business meetings, government meetings, protocol, meeting the visiting delegation at the airport, helping with hotel discounts, etc.
- ❖ Matchmaking -BMFs use each other to sell their member's products and services. They match visitors from other BMFs with their own membership.
- ❖ Charity Based Projects- Presenting Charity based project initiatives around the world for consideration and review of BMF Board
- ❖ Posting commerce opportunities on individual web sites and publicizing them in local papers.
- ❖ Hosting exchanges of business visitors etc.
- ❖ Offering finance and technology commerce information on both local marketplaces and BMF members
- ❖ Expert insight into new investment areas, such as social entrepreneurship as an investment opportunity
- ❖ Group conference calls and videoconference calls with experts
- ❖ Business network - When a local BMF needs individual assistance, it is readily available from staff at the BMF World Headquarters, from appropriate committee chairs or from regional chairs appointed to provide on-site advice in their respective regions.
When the members of local BMF need individual assistance, it is also readily available from staff at the local BMF to provide on-site advice in their respective territories.
- ❖ Training- BMFs are eligible to participate in periodic BMF Membership Seminars and in frequent workshops and similar orientation programs that take place annually at BMF World Headquarters and throughout the year at BMF meetings.
- ❖ Professional Development - Regular programs, generally on a monthly basis, feature knowledgeable speakers addressing timely and critical topics of world finance and technology through local BMF. Additionally, special programs provide in-depth educational knowledge and training in important aspects of world finance and technology.
- ❖ Publications and Resources- All BMFs receive numerous publications and materials to assist them in developing and operating their BMF programs and to keep in touch with what the BMF and other BMFs are doing

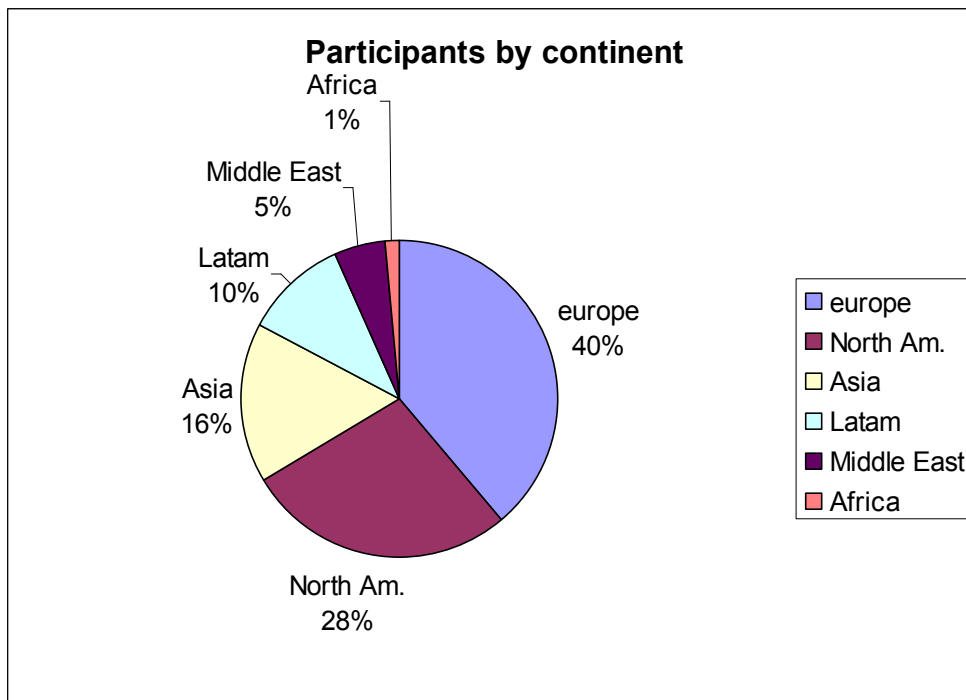

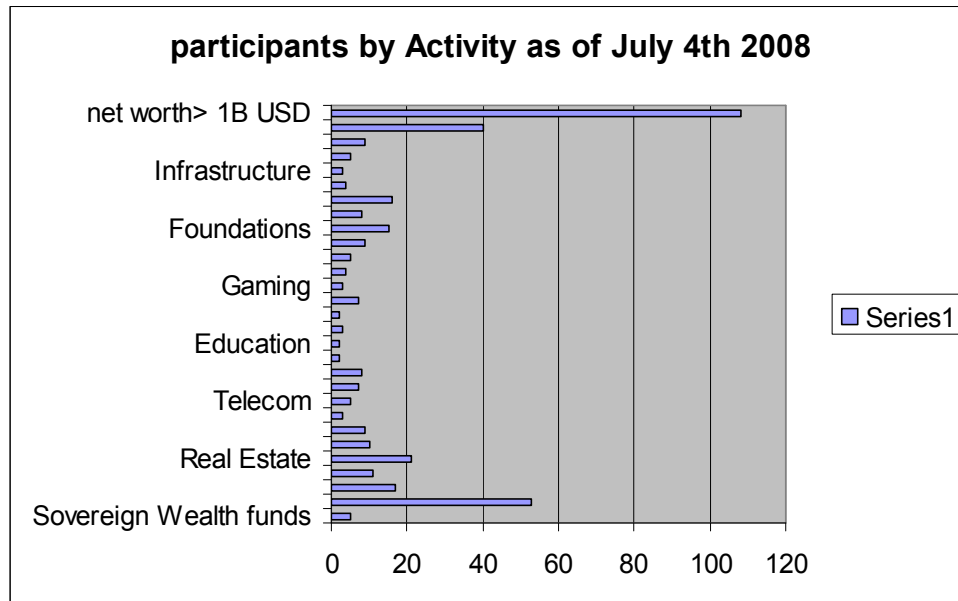

- ❖ Regular social gatherings with intellectual contributions from esteemed opinion leaders
- ❖ Monthly/Bi-Weekly/Weekly BMF Newsletter - Newsletters keep the membership informed of BMF activities, introduce new international resources, and provide timely information on a wide range of topics of local, regional, national, and international interest
- ❖ Concierge clubs (virtual) and physical real estate properties
- ❖ Access to and purchase of undervalued luxury private club real estate strategically located around the world
- ❖ A monthly series of complimentary investment seminars providing crucial investment information on important financial topics to help members broaden their investment strategies and increase the value of their portfolios through peer-to-peer review, analysis and collaboration
- ❖ BMF Online® Network -each BMF is encouraged to establish an ePlatform incorporating its local corporate and individual members within the frame of BMF Online® Network according to such guidelines as are developed by The Global Billions Club (GBC) and its subsidiaries.
- ❖ in creating diverse services for world finance and technology. BMF Online® Network, one stop ePlatform as Global e-Infrastructure, offers its comprehensive range of services
- ❖ In this regard, BMF builds an online system on the promotion of exports of goods and services on finance and technology to the world, particularly by small businesses and medium-sized businesses. With its unique innovative mission, BMF has been and will be a global leader through the following divisions:
 - International Services - As a package service, BMF provides extensible facilities with integration for local e-Commerce on finance and technology.
 - As a solution, BMF supports local e-Commerce on finance and technology to transform into Global e-Finance and technology Framework.
 - As a service, BMF provides value added services for Global e-Commerce Community on finance and technology.
- ❖ All BMF members are encouraged to attend the following meetings that are held in BMF locations throughout the world. These meetings enable members to learn about current programs and to participate in new program development. They also promote informal discussions among delegates that lead to useful inter-BMF cooperative programs.
 - World Congress
 - World Conference
 - Member Seminars
 - Regional Meetings
- ❖ Confidential discussion of personal financial issues
- ❖ Certification Program- As a requirement for a local BMF to develop and maintain a superior level of services and facilities, the BMF World Headquarters has established a detailed certification program. Under this initiative, BMF World Headquarters certifies BMFs as providing a first class service or facility in a variety of fields, including: Finance and technology Information Services, Finance and technology Business Services, BizTourism Services, BMF Club, Group Commerce Missions on Finance and technology, Finance and technology Educational Services, Media Services and e-Commerce on finance and technology. To obtain certification, a BMF must meet the minimum performance standards in at least four categories, including Finance and technology Information Services, which is a mandatory category for BMF certification.
- ❖ Participation in Commerce Expos/Shows on Finance and technology. Commerce Expos on Finance and technology afford opportunities for member companies to showcase their products and/or services on finance and technology, and for attendees to broaden their

- knowledge of available goods and services on finance and technology. On-site assistance is also available to help member companies identify prospective customers and arrange meetings with representatives of the international finance and technology press. The BMF World Headquarters also helps BMFs prepare in advance for their participation at Commerce Expos/Show on Finance and technology.
- ❖ Regional Chairman Program-Honorary Country Ambassador and Regional Chairmen are located in strategic locations throughout the world and work with BMF World Headquarters to counsel government and private organizations on the establishment of successful BMFs. They also use their experience and training to meet with local BMFs to help strengthen their existing programs.
 - ❖ Strategic Alliances - All BMF members benefit from the growing number of strategic alliances arranged by the BMF World Headquarters with national, international and multilateral organizations on finance and technology.
 - ❖ Publicity-Each BMF member benefits from the global publicity resulting from activities of the BMF and its members. A professional public relations firm is retained by the BMF to assist in spreading the BMF and the BMF message worldwide.
 - ❖ Billion Minds Award® BMF recognizes the world leading international figures and organizations that most contribute to the development and progress of BMF vision, annually granting them the most famed BILLION MINDS AWARD®. All recipients are permanently remembered and honored at the Hall of Fame.
 - ❖ Hall of Fame- The Hall of Fame is designed to showcase the life works and achievements of a select few of most accomplished international leaders. For many reasons the individuals featured in the Hall of Fame have been invited to display their biographies, work examples, awards bestowed and other highlights of their lives. All, however, share in one thing - an adherence to the guiding principles championed by the BMF since its inception and encapsulated by the motto of global sustainability.
 - ❖ Industry Voice -As part of a group of knowledgeable world finance and technology professionals, the members of BMF can exert influence on regulations affecting their industry.
 - ❖ World-class experts and speakers discussing informative and timely topics

 **Billion Minds Foundation**

GBC Program at

BENETTI SAI RAM – Monte Carlo

Exclusively for

**BMF - Global Billions Business Club Members and Invite-Only
VIPs**

**From Friday afternoon September 14 to Monday
evening September 17, 2007**

Hosted by
Donatella DeFilippo

Participation is limited and by invitation only

On September 14th thru September 17th , Donatella DeFilippo will host the BMF Global Billions Business Club members on the Benetti Sai Ram, a magnificent 171-foot motor yacht from Benetti, designed to be more of a floating villa than a typical yacht. The Sai Ram will cruise around Monte Carlo, Nice, Cannes, the West Mediterranean, and Cote d'Azur. Participation is limited and offered exclusively to BMF Global Billions Business Club members and their VIP guests by invitation only. The program will also feature a spectacular BMF and Global Billions Business Club gala dinner, BMF leadership award ceremony and keynote speakers such as Dr. Michael Nobel and Sir Paul Judge among others. The gala dinner will take place Sunday evening, September 16 at the Hotel de Paris in Monte Carlo. It is by invitation only and will be open to all of our guests, spouses, friends, VIPs and special guests of Monte Carlo.

The Monte Carlo Luxury Cruise will include peer-to-peer dialogue and confidential networking with private wealth and high-net-worth families, successful entrepreneurs, CEO's and Chairmen, investment bank partners, private equity and bridge fund executives, business leaders and entrepreneurs from emerging markets of Russia, the Ukraine and Asia in a beautifully scenic and relaxed atmosphere with exquisite cuisine.

Invitation-only guests will have a unique opportunity to participate in:

- Private peer-to-peer conversation on how power shifts and globalization impact private wealth and private equity and how other challenges, complexities, and opportunities are being addressed by players in the 21st century global knowledge economy
- Introduction to the Billion Minds Foundation
- Discussion about the membership of Global Billions Business Club
- Support for initiatives and projects of the Billion Minds Foundation and Global Billions Business Club
- Introduction to unique private global deal flow and investment opportunities in the Emerging Markets of Russia, Ukraine, China and India facilitated by BM Investment Partners.
- Special Gala dinner with “VIPs of Monte Carlo”
- Exclusive use, enjoyment and dining on a luxury yacht
- Social conversations, discussions, 1-1 networking with BMF Global Billions Business Club peers that includes private wealth and high-net-worth

families, successful entrepreneurs, CEOs and Chairmen, investment bank partners, private equity and hedge fund executives, business leaders and entrepreneurs from emerging markets of Russia, the Ukraine, China and India

- The topics for discussion are: LBO, Private Equity, VC, Real Estate, Family Wealth Management, Investing in emerging Countries - China, India, Latin America, Private Banking.

Hosts:

Mrs. Donatella deFilippo of Principality of Monaco, Monte Carlo

Mark Minevich, Chairman and Founder of Billion Minds Foundation, Chairman of Global Billions Business Club

Founder and Chairman of Global Foundation for Sustainability of Billions of Minds. Chairman and Partner, Global Billions Business Club, Founding Partner of Going Global Ventures Inc. Mark is a global change agent, better known as "**Global Mark**" because of his thought leadership on globalization and innovation. Mark is a sought-after speaker on globalization, innovation and knowledge economies. He has been instrumental in pinpointing the challenges organizations face in today's global economy and how globalization impacts businesses, individuals and societies. He authored *Six Billion Minds: Global Outsourcing in the Knowledge Economy* and *The CTO Handbook: The Indispensable Technology Leadership Resource*. He has advised the U.S. government on topics such as - innovation and bilateral relationships with emerging economies. He served as an Executive Vice President of Corporate Development and Chief Strategy Officer of BTM Corporation. He was an IBM executive, senior international venture strategist of the IBM Next Generation Group. He identified and created opportunity roadmaps for investment, venture capital, incubation, and strategic partnerships resulting in \$2 billion in revenue over 24 months, and provided coaching to over 100 portfolio startups. Throughout his career, Mark has served as a CTO and a strategist for several public and private companies. He has guided investments in venture opportunities that serve the strategic, portfolio, and growth ambitions of IBM partners and clients. He held a number of technology and strategic management positions across global companies, including USWEB/CKS, Qwest Communications, Geotek Communications, Comcast to name a few. His entrepreneurial nature has led him to be a founding member of several startups including Club Mom, for which he played an integral role in raising \$50m in funding. Mark developed research and created a rating system for evaluating the

global competitiveness of the leading outsourcing destinations. Mark is a recipient of the prestigious Albert Einstein Award for outstanding achievement.

Keynote Speaker

Sir Paul Judge

Sir Paul is an international businessman based in London who is now involved primarily in education and financial services. His educational interests include being Chairman of Teachers TV, of the Marketing Standards Board, of the Enterprise Education Trust, of the Museum of Brands, Packaging and Advertising, of St Dunstan's College and of the Wharton EMEA Board, President of the Association of MBAs and Deputy Chairman of the American Management Association in New York. He is also a member of the Advisory Boards for HEC in Paris and for the Athens University of Economics and Business and has Honorary Doctorates from Cambridge, Westminster and City Universities. He was the key benefactor of the Judge Business School at the University of Cambridge. His commercial interests include being Chairman of Schroder Income Growth Fund plc, a Director of Standard Bank Group Ltd of South Africa, of the United Kingdom Accreditation Service and of Tempur-Pedic International Inc. of Kentucky and a member of the Advisory Boards for Barclays Private Bank and for Abraaj Capital of Dubai. He is also an Alderman of the City of London and Chairman of the British-North American Committee. He has just completed his term as Chairman of the Royal Society of Arts, where he continues as Deputy Chairman, and is a recent President of the Chartered Management Institute and a recent Master of the Worshipful Company of Marketors. He has a particular interest in Africa. In addition to his directorship of Standard Bank, his connections include his role as Managing Director of Cadbury Schweppes Kenya in the 1980's and he is currently Chairman of Digital Links International, which distributes refurbished computer equipment from the UK to African schools and communities, and a member of the Council of the Crown Agents. Sir Paul was born and grew up in London. He went to school firstly at Christchurch School in Forest Hill, South London and subsequently to St. Dunstan's College. He was awarded an Open Scholarship at Trinity College, Cambridge, where he studied Natural Sciences and Management Studies, graduating in 1971. He then gained a Thouron Fellowship to the Wharton Business School of the University of Pennsylvania where he graduated with his MBA in the top 5% of his class. He spent the first thirteen years of his career with Cadbury Schweppes, working initially in the Overseas Group finance department and becoming Group Deputy Finance Director in 1978 at the age of 28. He was then Managing Director of Cadbury Schweppes Kenya which had three factories and 600 employees. In 1982 he was appointed as Managing Director of Cadbury Typhoo, which had 3,000 employees and a turnover of £150 million. In 1984 he became Group Planning Director and a member of the Group Executive Committee. In 1985 he initiated and led the \$150 million buyout of the UK, Irish and French food businesses of Cadbury Schweppes to form Premier Brands. The company was very successful,

winning the 1989 Grocer/IFE Award as having "the best overall performance of any British food company". Premier Brands was sold for \$500 million in 1989. He then moved into the public and political sectors and became a government-appointed Member of the Milk Marketing Board and Chairman of Food from Britain, which led to his being voted the 1992 Food Industry Personality of the Year. He was Director General of the Conservative Party, a full-time appointment for which he chose to take no remuneration, from 1992 until 1995 when the then Party Chairman described him as "the person primarily responsible for improving the management of the Conservative Party organization and for achieving the turnaround in our financial fortunes". The Party's overdraft was reduced from £19 million when he took over to only £2 million in the 1995-6 accounts. In 1995 he transferred to the Cabinet Office as a Ministerial Adviser, responsible for policy issues such as competitiveness, deregulation, privatization and information technology strategy until just before the 1997 General Election. He is a Freeman of the City of London, a Fellow of the Royal Society of Arts, the Institute of Directors and the Marketing Society and a Companion of the Chartered Management Institute. In 1996 he became a Knight Bachelor in recognition of his public and political service.

Speaker

Dr. Michael Nobel

Chairman of Nobel Charitable Trust

Professor Michael Nobel, a great grand nephew of Alfred Nobel, founder of the Nobel Prize. Dr. Nobel is the immediate post chairman of Nobel Family Society and Chairman of Nobel Charitable Trust, and has also chaired a number of international committees or organizations. After studies in Sweden and America he obtained a doctorate at the University of Lausanne in psycho-pedagogy in 1979. In the science field he worked as a researcher in social sciences at the Institute for Mass Communication at the Lausanne University and at the Institute of Social and Preventive Medicine in the same city in the field of primary drug abuse prevention. He has been a consultant to UNESCO in Paris and the United Nation's Social Affairs Division in Geneva. In his idealistic work Dr. Michael Nobel is board chairman of the Non-Violence Project Foundation, In addition he is chairman or board member of several other non-for-profit organizations in the field of youth education and development. Having been involved in various activities in the fields of medicine, information systems, and resolution of conflicts, he has been honored with many awards and medals for the contribution to those services. He received an honorary professorship from the National Academy of Science of Azerbaijan in 2005. The same year he was selected as foreign member of the Russian Academy of Natural Sciences and received the Unesco Medal for Outstanding Contributions to the Cultural Dialogue between Nations as well as the Albert Einstein Award for Outstanding Achievements in Life Sciences and Technology in Israel. In 2006 Dr. Michael

Nobel received the Grand Cross of the Order of International Perfection. He is also a guest professor at the Tokyo Institute of Technology.

Speaker

Dr. Joseph Okpaku, Sr.

**President and CEO, The Telecom Africa Corporation
(Nigeria and the United States), Distinguished Global
Ambassador, Billion Minds Foundation**

Joseph O. Okpaku, Sr. an acknowledged world expert on global strategy and 21st Century challenges and opportunities, is the President and CEO of US-based Telecom Africa International Corporation. A company dedicated to building a globally competitive indigenous African industrial capacity in information and telecommunications technologies. He also consults for Governments and international organizations in the fields of development, governance, long-term strategic planning and futures studies.

Mr. Okpaku made his international debut as the founder, editor-in-chief and publisher of The Third Press, a New York-based book publishing company whose authors included Africa's leading writers, scholars and policy-makers.

He has devoted much of his professional life to the advocacy for, and design of, strategies for the development of Africa towards global competitiveness within the framework of her cultural priorities. Mr. Okpaku has become a leading thinker at the cutting edge of the development of information and telecommunications in Africa as strategic tools for furthering the continent's advancement. In this regard, Mr. Okpaku has crafted initiatives by Telecom Africa to build manufacturing, research and development, software and applications capacity in Africa through strategic partnerships and joint ventures with global and regional technology companies.

He holds a Bachelor of Science degree in Civil Engineering from Northwestern University, a Master of Science degree in Structural Engineering from Stanford University, and a PhD in Theatre History and Dramatic Literature, also from Stanford University.

(Zurich, Switzerland. Professor Prabhu Gupta is a member of International Advisory Board, Billion Minds Foundation.

Co-moderator

Daniel Mann, Director, Shooter Fund Management

Daniel Mann will be taking up a new post as a director at Shooter Fund Management LLP, working alongside the Chief Operating Officer in a business development role. Daniel Mann has spent the past 7 years as a financial journalist and anchor for business news programmes on CNBC Europe. Mr. Mann has a sound business and financial background, which helps him get to the bottom of some of the biggest business stories of the day. He is an experienced TV moderator, anchor and host while accomplished at interviewing

senior business figures and presenting business stories in a creative and interesting way. His human touch and friendly, energetic style ensures that he gets the best out of all his interview subjects. He is known as an excellent communicator and interviewer, delivering compelling and interesting programming that viewers will enjoy. With over 600 million US dollars under management, award winning Shooter Fund Management LLP, founded by Mark Shooter is a fund specializing in volatility arbitrage. Mann first met Mark Shooter on the London International Financial Futures Exchange (now part of NYSE-Euronext) when he worked as a government bond trader in the 90s. Daniel Mann is a member of BMF Media Advisory Council.

References and Testimonials

"I really enjoyed the discussions with people and the program. Meeting was very informal (which I liked). It was very interesting & mind triggering So as an summary, great event in Monte Carlo and very interesting people. I got many good contacts from Monaco and around the world"

Mikko Pakannen, successful entrepreneur, private Investor and Founder of GNT Finland OY Monte Carlo Monaco

"GBC in Monte Carlo went extremely well beyond the wildest expectations. Mark brought together an incredibly cohesive group of the finest people who simply wanted the pleasure of letting their hairs down, learning and exchanging ideas about the challenges and opportunities at the cutting-edge of strategic and innovative thinking, and making friends in an environment of leisure, relaxation and warmth. Monte Carlo is the unique crossroads of the paradox of ordinary people wanting to be billionaires, and billionaires wanting to be ordinary people. The secret is that we are all ordinary people, each and every one of us, and we are happiest when we enjoy being able to be just that. The Monte Carlo GBBC, which was the external test of the efficacy of the vision and mission of the Billion Minds Foundation, and of its appeal to the world, demonstrated beyond any doubt, the profound and profoundly simple quintessence of BMF as an organization created to push the envelop of the outer boundaries of the human mind and spirit to near realms. The idea of BMF, the idea of a concerted effort to make the world a better place, and to do so with leisure, pleasure, enthusiasm and dedication, was warmly embraced by everyone in attendance, to the credit of BMF."

Dr. Joseph Okpaku,
President and CEO, The Telecom Africa Corporation

"I would like to thank you very much for the opportunity to attend/participate in the Billions Minds event in Monaco. The entire event was outstanding and the diversity of people was really fun! Obviously the meeting setting, the ship, Monaco added to a spectacular environment to engage in interesting dialogue with very sharp individuals."

Eugene O'Malley, CEO of Cobblestone Advisers
Boston, MA USA

"Mark Minevich conceived and successively organized an unforgettable and unique private wealth seminar onboard one of Monaco's best known yachts. We all have fond memories of the fabulous Sai Ram Yacht. Not only for the grand party, the in-depth investment presentations & stimulating discussions, but most importantly, for the new friendships and contacts made. It was fascinating experience in meeting so many global personalities, including Russian tycoons. His global network and superior knowledge of emerging markets and opportunities certainly creates a world class proposition Thank you for organizing such an outstanding event. We all have fond memories of Sai Ram. Not only for the grand party on the yacht, the in-depth presentations & stimulating discussions, but most importantly, for the new friendships and contacts made. Although my inability in Russian prevented me from heart-to-heart communicating with the Russian tycoons, it was nonetheless a fascinating experience meeting them. I understand that the tour of the Hotel Du Paris wine cellar, the largest in the world, was fantastic and the evening dinner was equally superb" -

Jimmy Hsu, Founding Partner of Eagle Capital and Former CEO of TIF Ventures ,
Singapore

"We are all grateful to Mark Minevich for the unique event he organized in the fall of 2007 on board the luxury yacht Sai Ram in Monaco. Lasting a few days, this event brought together a group of top notch international CEOs, investors, professionals and philanthropists. The congenial atmosphere and the impeccable organization made it possible for everybody to get acquainted and discuss subjects as varied as business and the environment in a relaxed yet productive fashion. This type of elite oriented event is needed in a world facing multi-dimensional challenges. It was not easy to organize, due to everyone's very busy schedules, and it is tribute to Mark's unique organizational and leadership skills, as well as to the staff of BMF, that things went so well."

Dr. Francesco M Bongiovanni
President, Compagnie d'Investissements Monaco-Asie (Codima) Monte Carlo Palace, Monaco

"Thank you for the wonderful and unique opportunity to participate in the BMF Monte Carlo event. I encountered there a respectful and engaged audience for my film venture presentation, and also an energetic and well-informed cohort for discussion on all topics, ranging from art to politics, from finance to philanthropy. You did a marvelous job of organizing the proceedings and keeping them on track. I would attend another such event without hesitation."

Mr. Robert Cain, Entertainment
Hollywood Producer, Hollywood CA

"I would like to give my wholeheartedly gratitude to Mark Minevich for inviting me to his illustrious event of Billion Minds Foundation in Sept 2007 in Monaco and it was a real pleasure meeting such extraordinary personalities there. It was also a very interesting experience for me to be there independently, especially after many years living in a very protective wealthy environment with my adoptive Mother Countessa Regina Cavallaro "a luminous icon of wealth and humanity" but with the royale hospitality of Donatella de Filippo Campioni "a wonderful and kind personality" on her luxurious yacht and with the exceptional organizational abilities of Mark Minevich "a remarkable unique visionary" which made me feel absolutely comfortable in his presence and gave me so much courage, inspiration and my true respect and admiration for his way of brining peoples together and creating a global family towards doing good in this world, and I feel very proud and honour to be part of his global family and working very closely with him in his respectable foundation towards making the world a better place for generations to come and looking forward for more repetition of these kind of unforgettable, useful and splendid events in the future."-

Honourable M.N. Al Sheikh FRSA,
Founder and CEO of EuroGulf Holding

"First rate congratulations on putting together a very important program. I enjoyed listening in. The speakers were very thoughtful and thought provoking. Thanks for inviting me to participate."

Dr. Earl R. Smith II,
Executive Director, Zazi Strategic

"Mark's organization of the Technology Leadership meeting in which I participated last October was superb. The quality of invitees and the presentations was on par with any serious technology strategy summit. I highly recommend attending future events and working with Mark on technology innovation related projects."

Edward Shenderovich

"By structuring these international teleconference roundtables, Mark Minevich demonstrates the vision and the courage needed to leverage the creative and pragmatic ideas of a diverse global community of academics, artists and business people. It defines the direction of true globalized thinking. I came away understanding very specific ways of expanding my ideas to address concerns that had been invisible from my perspective. These forums should be status quo in the world of business, politics, and world peacekeeping."

Michael Gold, Ph.D. Jazz Impact

"It was interesting and thought provoking - great to 'listen in'."

Tara Kimbrell Cole,
**Chief Executive Officer Global
Trade Finance Network Pte. Ltd, Singapore**

Who has attended and what they have said about Technology Leadership Council (BTM Global Leadership Council) events and program
"... the last event was incredible ..."

Phil Wiser, CTO, Sony Music

"... your dinners provide us with excellent opportunities to meet corporate decision makers so that we can build and strengthen relationships with our strategic partners. Best of all, the relaxed social atmosphere has allowed us to build long-lasting personal relationships".

Mr. Hideo Ito,
Chairman & CEO, Toshiba America

"I think these are great events. They offer me the opportunity to reconnect with old friends, as well as make new contacts. The informal setting is perfect for engaging in conversations and cementing relationships with business partners."

Shane Robison,
CTO and Chief Strategist,
Hewlett-Packard

"Mark's work on the CTO Leadership Council has been great. He is still experimenting with the model as far as speakers and subject matter goes, but he is filling a huge need in the NY metro marketplace which is to connect and collaborate with CIO & CTO level managers to discuss how to effectively learn and leverage from each others experiences."

David Minster, CIO of David Yurman

Thanks for including me in last night's dinner. It was an interesting discussion."

Alan Batkin,
Vice Chairman,
Kissinger Associates

"Again, thanks for your help making it possible for Scott Fertig, (SVP and CIO of Gartner(to attend the TLC wine tasting/dinner at the 21 Club last night; he is so glad that he was qable to be there this time. I knew it would make for an extremely long day but I thought the guest list was too compelling to not attend, and Scott concurred with me this morning. He was so impressed."

Jennifer Mason, Gartner

"I just wanted to follow up and let you know that it was truly a pleasure seeing you again at the Globalization dinner. As always, the dinner and wine were as spectacular as the company and the conversation. Thanks for inviting me."

Richard M. Entrup,
Chief Information Officer,
Byram Healthcare

"Thank you so much for including me in a very special evening. The conversation was most stimulating, & the venue and the wine dinner absolutely first rate."

Dennis S. Callahan,
EVP/Chief Information
Officer Guardian Life

"Mark -- thanking you for a very pleasant evening of both food and intellectual conversation.. A lot of mental capacity was on hand and very expressive ,, we truly needed a long afternoon on a porch somewhere with large ice teas to do the subject matter justice ...I was fortunate to have been invited to join the evening , and hope that my comments were a bit helpful.."

John Stevenson,
CIO of Sharp Electronics

"What a memorable evening. I'm not sure we solved any of the world problems, but it was enlightening...to a level that I'm now much more confused then before...Nevermind...It was a great dinner, with great company...and I guess its part of the process.."

Andre Spatz, CIO of UNICEF

"Thank you very much for inviting me to a truly special event. I enjoyed every aspect of the evening."

Joe Iannello,
Sr. VP & CIO Information Services,
Movado Group, Inc.
